AUTHOR: The Female Health Company
DATE: 2000
PUBLISHER: The Female Health Company

The Female Health Company has developed the "Female Condom Programming Kit" to help policy makers, programme managers, donors and NGOs design, implement and monitor successful programmes. The Kit provides background information and research, lessons learned from existing projects, support materials and examples of good practices from international experiences to date.

Article can be accessed on-line [here](#) and [here](#) in PDF format.

To view PDF documents you will need to download and install Adobe Acrobat Reader. The program is available for free through the Adobe website, download [here](#). More help is available on PDF documents and Adobe Acrobat Reader [here](#)
