PUBLISHER: UN Division for the Advancement of Women, WHO, and UNAIDS for Expert Group Meeting on "The HIV/AIDS Pandemic and its Gender Implications" 13-17 November 2000 Windhoek, Namibia

This report focuses on issues pertaining to community level health interventions, particularly within the African context. Examples of community-level initiatives in countries such as Zambia, Tanzania and Uganda are cited, with details on strategic perspectives that include men-centered programs, redistribution of resources, review of Structural Adjustment Programs, and grassroots initiatives that involve political and social mobilization.
