**DATE:** 2002

**PUBLISHER:** BRIDGE

This publication outlines the importance of utilizing a rights-based approach to place HIV/AIDS within a gendered human rights framework. The report examines the evolving epidemic and critical challenges involved in transforming current programs to a gendered agenda. The knowledge pack offers practical examples of approaches from around the world, aimed at strengthen capacity, advocacy, service delivery, and research through explicitly addressing gender inequality. It contains information on courses, useful websites, networking and contact details for organizations specializing in gender and HIV/AIDS.
