

Services related to reproductive health marginalize men

Warning: DOMDocument::loadHTML(): htmlParseEntityRef: expecting ';' in Entity, line: 3 in /home/gender/public_html/plugins/content/image/emogrifier.php on line 63

Services related to reproductive health and child health have focused mainly on women than men over the years. The unfortunate result of this approach is that men have often been marginalised over their own and their partners sexual and reproductive health matters. The Minister of Health Sheila Tlou, told the United Nations Development Programme (UNDP) Gender Event Panel Discussion in New York that this has led to men being disadvantaged when making informed health choices for themselves, their families and partners.
