AUTHOR: C.L.M. Hill

DATE: 2006

PUBLISHER: Interagency Coalition on AIDS and Development (ICAD)

The XVI International AIDS Conference, August 2006, identified food and nutrition security as issues that are critically interlinked with HIV/AIDS and that need to be addressed along a continuum of prevention, treatment, care, and positive living. Four sessions focused specifically on the particular relationships between food security and HIV/AIDS; one was on HIV, Gender, and Development. This report synthesizes the key issues raised and identifies common themes.
