AUTHOR: Interagency Coalition on AIDS and Development
DATE: 2005
PUBLISHER: Interagency Coalition on AIDS and Development

This document compiles key online resources that describe the current understanding of, and responses to, the effects of gender on HIV/AIDS at the international level. Resources were selected to provide a balanced approach that addresses both men's and women's concerns, vulnerabilities, challenges, and responses to gender and HIV/AIDS issues. A special focus on gender-based violence is included because of the tremendous impact of sexual violence on risk of HIV infection.
